Re: Consent Order
EPD-WQ-5477
Durham Trail
Walker County

Dear Commissioner Heiskel:

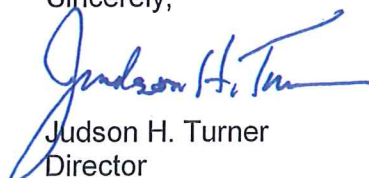

Georgia Environmental Protection Division (EPD) staff conducted several site visits this spring as Walker County completed the remaining items required by the Corrective Action Plan (CAP) associated with Consent Order EPD-WQ-5477. All plantings are now complete, and EPD considers the CAP requirements to be fully met.

The Consent Order requires the payment of stipulated penalties if the deadlines agreed to in the Corrective Action Plan are not met. Through the Force Majeure stipulations agreed to by both parties in the subject Consent Order and EPD approval of several time extension requests, the original deadline for completion was extended to September 11, 2014. Using that date as a starting point, and taking into account the number of reasonable working days between the deadline and the actual completion date, EPD calculates stipulated penalties due from Walker County to be seventy-six thousand dollars (\$76,000.00). This payment should be made within thirty (30) days to:

Environmental Protection Division
Mountain District Office
Post Office Box 3250
Cartersville, Georgia 30120

If you have any questions regarding the terms of Consent Order EPD-WQ-5477, please contact Mr. James Cooley of my staff at (770) 387-4900.

Sincerely,

Judson H. Turner
Director
